Safety and Warranty

 **Match** IP7700

 **MADE IN ITALY**

Safety information

This appliance must be installed in a workmanlike manner in accordance with the instructions and for the purpose for which it is intended. Check the integrity of the devices at the time of purchase. The packaging contains potential sources of danger for children (screws and wall plugs). The execution of the system must comply with the CEI standards in force. A protection switch dedicated to the video door entry system must be installed in the power supply system. The protection switch must be positioned in the main panel of the house. Before connecting the appliance, check the output voltage supplied by the distribution network. Disconnect the appliance from the power supply before carrying out maintenance operations. In case of breakdown or malfunction of the appliance, disconnect the power supply and contact the service center.

WARNING: The instructions in this document provide important information on the safety, use and maintenance of the product, failure to read and follow the instructions may cause fire or other damage or injury. This document must always be attached to the system documentation.

End of life disposal

The crossed-out trash can symbol indicates that the product must be taken to a separate collection center for electrical and electronic equipment, or returned to the retailer when a new product is purchased. For information regarding the collection systems available, contact the local waste disposal service. The user is responsible for the disposal of the purchased electronic equipment. **Directive 2012/19 / UE (WEEE, RAEE).** Risks related to substances considered dangerous (WEEE). According to the WEEE Directive, the aforementioned electrical and electronic products contain substances that are harmful to people and the environment. It is mandatory to treat the disposal of such waste in order to avoid negative impacts both on the environment and on people's health. Compliance with current regulations allows for proper recycling of the materials that make up the product.

Limited Product Warranty

GENERAL CONDITIONS: All products sold by InfinitePlay S.r.l. are covered by a 24-month warranty for lack of conformity, pursuant to Legislative Decree 24/02. The warranty is valid only if accompanied by proof of purchase.

LIMITATION OF WARRANTY. The warranty applies to products that show a lack of conformity, provided that the product itself has been used correctly, in compliance with its intended use and as provided in the attached technical documentation.

Declaration of Conformity

InfinitePlay S.r.l. declares that the product complies with Article 26 of the Council Directive **2014/53/EU** of 16 April 2014, that certifies this equipment has been found to comply with the Essential Requirements relating to the design and construction of radio equipment given in Article 3 to the Directive.

Article 3.1.a): Health and Safety : Yes

Article 3.1.b) Electromagnetic Compatibility : Yes

Article 3.2: Effective Use of Radio Spectrum : Yes

The product complies with **EN 50663:2017 + EN 62209-2 :2010 + EN 50566 :2017 + EN IEC 62368-1:2014 + A11:2017**
